Ukrainian Refugee Support Services Supplement: FY 2022 Allocation

Dear Colleague Letter 22-21

July 27, 2022

Dear Colleague:

The Additional Ukraine Supplemental Appropriations Act, 2022 (AUSAA) provided the Office of Refugee Resettlement (ORR) specific appropriations to provide services to support specific Ukrainian populations and other non-Ukrainian individuals, as delineated in [ORR Policy Letter 22-13](#). This Dear Colleague Letter (DCL) outlines the FY 2022 AUSAA allocation to states¹ for Refugee Support Services (RSS) base funding, which totals \$115 million. This amount includes AUSAA RSS for activities that will be described in forthcoming ORR policy on AUSAA-funded RSS services.

For a description of eligible populations, priorities, service requirements, considerations regarding equity and inclusion, and reporting and monitoring requirements for AUSAA RSS, reference the relevant sections within forthcoming ORR policy on AUSAA-funded RSS services.

Funding Formula and Allocations Chart

The FY 2022 RSS Base AUSAA Allocations chart below displays the allocation of FY 2022 AUSAA RSS base funding and the “Number of People” used to determine the allocations. ORR used the following data to arrive at the “Number of People” totals:

- FY 1991 through FY 2021 historic arrival data for ORR-eligible Ukrainians arriving in the United States from the ORR Refugee Arrivals Data System (RADS); and
- Number of [Uniting for Ukraine](#) Form I-134 sponsor applications filed, by state, according to the U.S. Department of Homeland Security.

In determining the allocation, ORR based the “Number of People” totals on an estimated 75,000 arrivals in FY 2022 and adjusted them to give equal weight to the historic and sponsor data. ORR will adjust the formula for future AUSAA RSS allocations based on updated data, as available. ORR intends to reassess allocations in FY 2023.

The chart below documents the “Number of People” described above, and the corresponding funding allocations for AUSAA RSS for FY 2022. As required under ORR regulations 45 C.F.R. § 400.210, these

¹ The term “states” throughout this DCL refers to states and replacement designees (RDs) that receive RSS funding from ORR.

funds must be obligated by September 30, 2023, and liquidated by September 30, 2024.
